# Message from the President

## Let There be Light!

Hot chili, pizza, coffee, good friends, a clear (hopefully) winter evening ... and maybe even an Ogre! What could be better than that? It's that time again folks and the lights on Roper Mountain will be lit on Thursday and the gates will be open. For all of those of you who have worked Holiday Lights, you know that it is really a lot of fun and a chance to gather a group of friends and celebrate the season. Whether you are selling tickets at the gate or directing traffic or helping in Winter Wonderland, it is an interesting experience and one that is serving all of those worthwhile projects our Club supports. Come out and join the fun for a very worthy cause.

We still need additional Gate Captains and teams. The open dates are November 27, December 21 through December 25. Yes, Christmas evening is open and we need a very special Gate Captain to lead a team to celebrate Christmas. The other dates that remain open are December 28 through December 30. We will have Gate Captain forms on the tables during the luncheon. Please check to see if you can help on the open evenings and help make our primary fund raiser a success.

Remember, proceeds from Roper Mountain Holiday Lights are shared by the Roper Mountain Science Center Association and Rotary Charities, Inc. Roper Mountain Science Center uses their funds to support science education programs and facilities, including the Hooper Planetarium, Daniel Observatory, and other science education initiatives. The Rotary Club of Greenville uses funds for programs such as Rotary Read to Me, Early Act First Knight, Veterans Mentor program, scholarships, and grants for non-profit organizations. Since 1992, Holiday Lights has raised almost \$3 million for science education and community service programs in Greenville. Come out to the Mountain this Christmas and join the fun.
