Mayor Knox H. White City of Greenville

JOIN US AT THE WESTIN POINSETT HOTEL TUESDAY, JANUARY 12, 2016 AT NOON FEATURING OUR PROGRAM GREENVILLE MAYOR KNOX WHITE

Knox White has served as Mayor of Greenville since December 1995. As Mayor he has the goal of making the city of Greenville "the most beautiful and livable city in America." He has emphasized neighborhood revitalization, economic development, and transformational projects for downtown.

Key strategic projects include: removal of the Camperdown Bridge and creation of Falls Park, the restoration of the Poinsett Hotel and Court Street, new retail (Mast General Store), a downtown baseball stadium (Fluor Field), riverfront development and initiation of a bike and walking trail system (Swamp Rabbit Trail) throughout the City, public art initiatives along Main Street, record annexations, and a model infrastructure for Clemson ICAR.

Neighborhood initiatives include enhanced beautification efforts, traffic calming, sidewalk construction, support for neighborhood associations, reinvestment in neighborhood parks, master plans for commercial corridors, and attractive new housing in the city's special emphasis neighborhoods.

Under the mayor's leadership, the City maintains a "Triple A" (AAA) bond rating and enjoys a reputation for solving problems on an innovative and bipartisan basis.

A native of Greenville, and a graduate of Christ Church Episcopal School, Greenville High School, Wake Forest University and the University of South Carolina Law School. Knox White is a partner in the law firm of Haynsworth, Sinkler & Boyd, where he heads the firm's immigration and customs practices. He is married to Marsha P. White and they have two children.

Message from the President

Our Legacy for Tomorrow!

Happy New Year everybody. About this time, one hundred years ago, four men – Capt. Ellison Smyth, Dave McCuen, Gib Slaughter and Edgeworth Blythe – had begun the planning process for the creation of what is now the Rotary Club of Greenville. After the success of the Southern Textile Exposition in 1915, they were committed to creating an organization that would bring the business community together with the purpose of giving time and resources for improving the life for all citizens. They had heard of an organization called Rotary that focused on service above self and discovered that the city of Atlanta had a Rotary Club. The four of them decided to visit the Atlanta club and were invited to Atlanta's Christmas party where they were treated royally. After returning to Greenville they began to put together a list of businessmen who would be the charter membership for the new Rotary Club of Greenville. Their first members included a cotton

mill president, an engineer and architect, an attorney, president of the Greenville Daily News, a banker and hotel owner, a jeweler, a druggist, the general secretary of the YMCA, an ice manufacturer, a printer and president of a cotton merchandising firm. It was an impressive group and on the first day of March 1916 they became an official member of the International Association of Rotary Clubs. These men were totally committed to service and the things they did were remarkable. They designed and built the WWI Camp Sevier, helped defeat the influenza epidemic in Greenville, built Camp Greenville for young boys, and were involved in many other service projects that helped make Greenville the great city it is today.

As we celebrate this Centennial year it is important to acknowledge the rich legacy that brought us to where we are today but it is most important that we understand where we need to go from here. This is a great club and we have done and are doing things that honor the spirit of Rotary. We currently have ten service programs plus programs that honor teachers and members of law enforcement, as well as, helping young high school students decide what they can accomplish in the future. Our club proudly supports Alzheimer's research, character building for teens, helping families manage their finances, reading to young children, and helping veterans and their families make their way safely and successfully in a civilian world. Our club also enthusiastically supports education, agriculture and clean water in countries like Haiti and Honduras. Our grants and scholarships have helped many young people move towards realizing their dreams for the future. All of this is impressive and much to be proud of but we need to look to the future and decide how we can make this club even stronger and more committed to service above self. Adding members to our club is important but leadership is the real goal we must focus on. We need more member involvement in projects and programs. Less than ten percent of our members serve on committees and far too few help with Holiday Lights which is our primary funding source that supports the club's service projects. If we are going to honor the legacy left by the members that came before us, we must develop an ambitious vision for the future. We have created the theme for this Centennial year "Our Legacy for Tomorrow!" which should focus on the next one hundred years starting on March 1, 2016.

The Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST. The development of acquaintance as an opportunity for service;
- SECOND. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.
