4. Interview community leaders to assess community needs

ACTIONS/PROJECTS

(What will we DO in support of these Strategies?)

1. Conduct surveys or interviews to assess members’ perceptions of satisfaction, relevance, club direction, etc.
2. Promote club members (committee chairs) reporting on activities and accomplishments of the club – delivered in print, at meetings, etc. to continuously “resell” our members on Rotary.

Objective: Maintain a healthy and dynamic level of club membership

What Does Success Look Like?

We maintain a membership level of between 375 and 425 members who are excited about being Rotarians, regularly participate in club meetings and fellowship activities, and participate in club projects. 2. Develop a "Committee Chair Expectations" outline that clearly communicates expectations of Committee Chairs
3. Require "Handoff Reports" of outgoing committee chairs, so new chairs take up where the past chair left off.
4. Require Succession Plans of Committee chairs, thereby "grooming" committee members for future chairmanship.
5. Conduct at least one (preferably two) annual Club Assemblies, including Directors, Officers, Committee Chairs and Executive Assistant. Review club's plans and goals (early in year) and progress (mid-year)
6. Brief Board annually on Not-for-Profit Board responsibilities
7. Develop a Club Operations Manual, documenting key business processes and systems.

Objective: Interact and partner with other Metro Clubs

What does success look like?

Our club is a recognized leader among the Rotary Clubs in our area and plays a leadership role in joint projects and programs. We maintain a Metro Club meeting schedule that all Metro Clubs can actively participate in. (a minimum of once a quarter) The meetings are scheduled at a time that avoids conflict with any regularly scheduled Rotary Club meeting.

There is one significant Metro Club project per year that all Metro Clubs actively take part in.

Measurables

1. Metro Clubs meetings are attended by all current Presidents and/or Presidents-elect, or their appointees.
2. A Metro Club project is planned and completed within the Rotary year that would promote cooperation from all Metro Clubs.
3. Metro Clubs sponsor and participate in joint fellowship activities
4. Positive feedback from Metro Presidents/Presidents-elect

STRATEGIES

(What will we work on to realize our Objective?)

1. Rotary Club of Greenville will host the first few events (meetings) to create momentum and get a roundtable discussion going with regards to the future plans of this Metro Club "council".
2. Create a firm meeting schedule that would not preclude any other Metro Clubs because of other Rotary meetings.
3. Use Metro Club meetings to exchange "best practices", experiences and solutions among clubs.

ACTIONS/PROJECTS

(What will we DO in support of these Strategies?)

1. Sponsor and nurture Metro Club activities and events
2. Promote a "Leadership Structure" within the Metro Clubs organization – attempt to get other presidents to step up to carry the organizational burden.

Objective: Engage our club in International Service

What Does Success Look Like?

Our members understand the international dimension of Rotary and enthusiastically participate in international projects. The Rotary Club of Greenville annually “adopts” an international project to fund or to actively participate in. Meaningful projects may end up being biennial efforts. The Twin Club relationship with Fukui, Japan may provide a good opportunity.

Measurables:

1. Annual completion of an International project, whether through funding or direct participation.
2. The international significance of Rotary is highlighted at a minimum of four meetings a year (not the entire meeting, but a portion of it dealing with subjects such as Ambassadorial Scholars or Youth Exchange).
3. We have a group of Rotarians from our club participate in an international project **in another country** at least once every five years.
4. Host at least one Youth Exchange student annually, and heavily promote outbound student participation (increase outbound student headcount)
5. Engage more fully with Group Study Exchange (GSE) – sponsoring team members, promoting our own members as Team Leaders, and actively hosting inbound teams.

STRATEGIES

(What will we work on to realize our Objective?)

1. Sponsor a team to travel to another country to participate in an RI-identified project. Almost a mission-type trip like those churches participate in. “Adopt” or partner with an international Club to be most effective.
2. Fundraise for a specific RI-identified project that would benefit an area of need in another country.
3. Develop an international project where our own “outbound” team will participate “on the ground” in another country.

ACTIONS/PROJECTS

(What will we DO in support of these Strategies?)

1. Recruit members for the International Projects Committee that may have experience in mission-type trips
2. Recruit “Internationally-oriented” members to participate heavily in the International Projects Committee
